

2029 Propane Base Holder with stabilizing base poles and stakes

RETAIN THESE INSTRUCTIONS FOR FUTURE REFERENCE

INSTRUCTION MANUAL

SET-UP

1. Insert the smaller end of the pole stabilizing leg into base by twisting the pole back and forth until the base pole clip is aligned with the small hole in the base pole receptor. The base pole clip should click when it is securely into the base pole receptor.
2. Continue by attaching the other three remaining base pole stabilizing legs into the base pole receptors. Each leg's base pole clip should click when securely into the base.
3. Secure the base to firm, stable ground using the 4 stakes by inserting the stakes into the base stake holes that are below the written instructions on the base near the edge of the base half-way between the stabilizing leg receptors. Once inserted, use an appropriate stake driver to drive stakes into ground. Do not use on surface that can be damaged by the tent stakes.
4. Position propane in a vertical position. If propane is too loose, wrap the propane tank with tape before inserting into base.
5. Keep hoses loose as to not place stress on propane device to prevent the device from tipping. In event propane device were to tip, safely and immediately turn off propane device and refer to Steps 3 and 4.

CAUTION

Read, understand and follow all instructions, warnings and cautions on propane and propane appliance or Zodi Shower or Zodi Heater during use. Zodi assumes no responsibility for improper use.

DISSASSEMBLE

Carefully remove Propane from base when propane accessory or Zodi Shower or heater is completely cool to touch. Always follow warnings and cautions when storing propane and propane accessories. Remove stakes from propane base by pulling on the round stake eyelet. Use gloves for protection. Remove stabilizing legs by pulling the leg away from the base. Store with your Zodi Shower, Zodi Heater or other propane component.

TECH SUPPORT

If you are having a problem with your Zodi™ Propane Base please do not return it to the store. First, confirm you have the base, 4 stabilizing legs and 4 tent stakes and attempt to assemble the Propane base again.

If still unable to assemble properly, call Zodi™ at 800-589-2849. Most problems can be corrected over the phone.

Assembled in China. Designed in Park City Utah USA.
